The Challenge

Israel-Diamonds was struggling with low organic visibility and no meaningful keyword rankings. Despite offering premium Online Shopping Accessories in a highly competitive metro area, they had never focused on SEO before. Only about 10% of their website content was optimized. The client needed a partner to build search presence, improve local discoverability, and drive consistent, high-intent leads.

The Strategy

B9net conducted a complete SEO audit and designed a custom action plan, which included:

- Keyword research aligned to buyer intent
- Optimized landing pages for property services
- Authority link building from local and Online Shopping sites
- Mobile responsiveness and site speed enhancement
- Local SEO optimization (Google Business Profile, maps)
- Monthly rank & performance reports

The Results (After 6 Months)

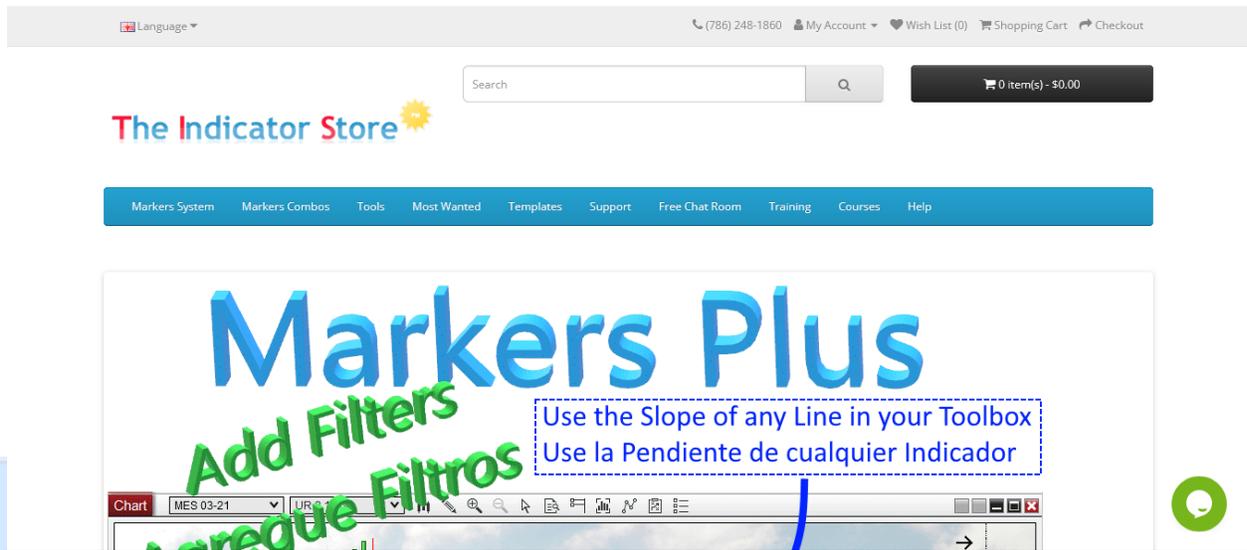

- **Rankings:** 10+ keywords in top 3 Google positions
- **Organic Traffic:** 190% increase in monthly traffic
- **Lead Generation:** 200% more form submissions & calls
- **Client Retention:** Ongoing contract extended for new projects
